

Musical hide and seek

6 -12 months

- 1 You will need a musical toy or object, such as a wind-up musical toy.
- 2 Place the musical toy out of your baby's sight and ask them where the music coming from. Encourage them to point or look in the direction of the noise.

Follow up ideas: If your child is crawling or walking, you could hide the toy under a blanket, or cushion and ask them to find it and bring it back to you.
