

Paper Plate Toadstool

Here's a fun way to make a Toadstool.

You will need:

*1 White paper plate,
1 toilet roll tube, scissors,
double sided tape,
glue, red pens, pencils,
paints or tissue paper,
white paint or tissue paper.*

Instructions

- 1** Cut a paper plate in half, then colour the bottom side of both halves of the plate red. You can use paints, pencils or tissue paper.
- 2** Next paint the toilet roll tube white.
- 3** Paint large white dots on both halves of the red paper plates. Alternatively you could use white cotton wool balls, or scrunched up white tissue paper if you like.

Please remember to recycle this activity

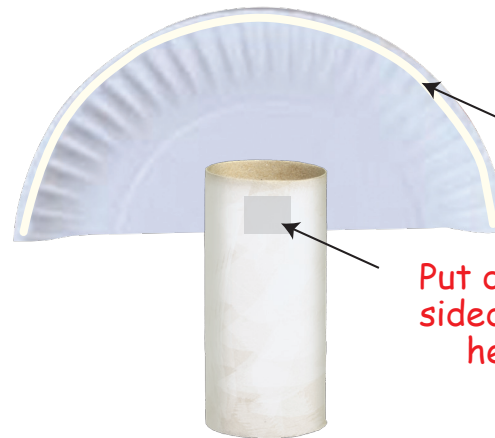

Put double sided tape here

- 4 Put a piece of double sided tape near the top of the painted toilet roll tube.

- 5 Stick the toilet roll tube to the plate.

Put double sided tape here

Put glue here

Stick the other half of the plate to the tube, then press around the edges so it sticks together.

- 6 Next stick a piece of tape to the other side of the toilet roll tube. Then put a line of glue around the plate edge as shown. Stick the other half of the paper plate to the toilet roll tube. Press the plate edges together so the glue sticks!

You now have a beautiful Toadstool!
