

Dog Puppet

Here's a fun way to make a dog puppet.

You will need:

*Scissors, glue, tape,
2 straws, coloured
pens or pencils.*

Instructions

- 1 Print and cut out the dog and coloured panels on pages 4, 5 and 6. Or colour in and cut out the dog and panels on pages 7, 8 and 9.

- 2 Making the dog's body can be done in two ways. The **simple** way is to stick two coloured panels together then concertina the paper into squares measuring 50mm. **Now follow the instructions from number 4.**

Please remember to recycle this activity

- 3 **Alternatively try making the dog's body like this.** Stick two panels together (ie glue white side to white side, so both sides of the panel are brown when glued together. You don't need to do this for the simple concertina body option). Now follow the instructions below:

You will end up with a concertina shape like this.

Please remember to recycle this activity

- 4 Tape straws to each end of the concertina shape (one at each end).

- 6 Stick the head to one end of the body and the back legs to the other end.

- 5 Fold the flaps on the head and back leg cut outs, as below. Stick the two heads together and the two back legs together.

It will look like this when stuck together.

It will look like this when stuck together.

Now you have
a fantastic
Dog Puppet!
