

Pig Mask

Print, colour in, stick on to thin card, then cut around the dotted lines. (Alternatively use the coloured mask on the next page). Tie one end of elastic or string through the left hand hole with a knot, then thread the other end through the right hand hole. Place around your child's head and adjust the elastic or string to make it to the right length for your child. Tie a knot at the right hand hole, securing the mask to your child's head. Cut off any excess thread.
