

Rat Puppet

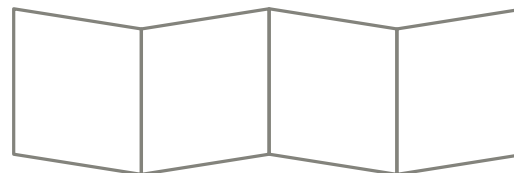

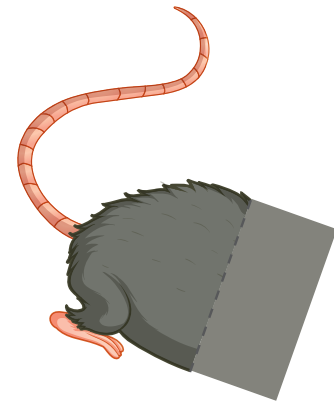

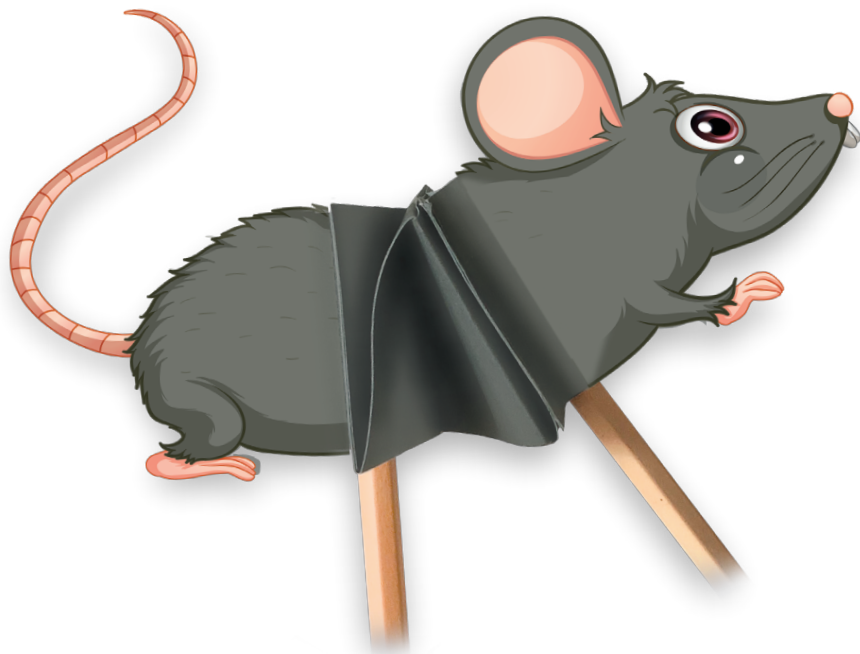

Here's a fun way to make a rat puppet.

You will need

Scissors, glue, tape, 2 sticks or pencils, coloured pens or pencils.

Instructions

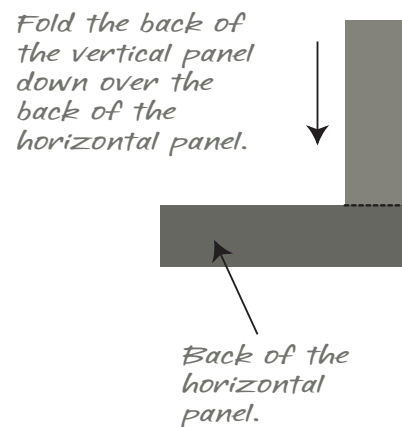

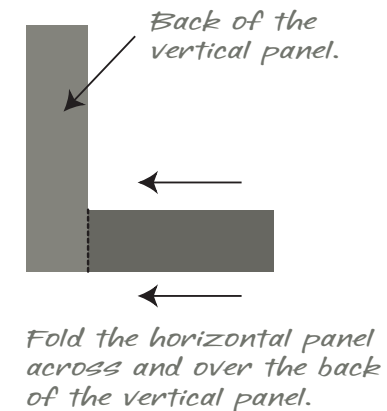

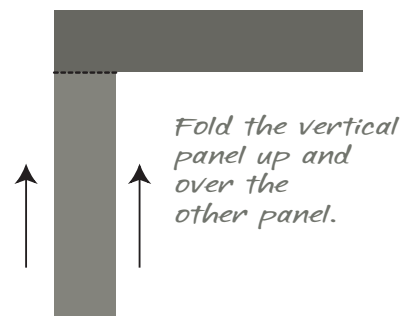

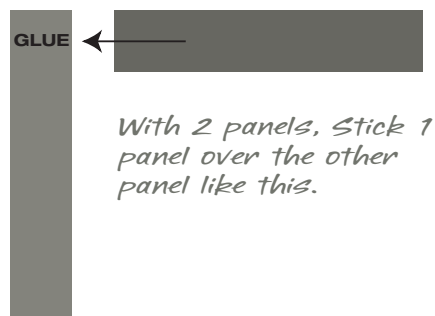

- 1 Print page 4, the rat's body, then cut it out. Print the coloured panels on page 5 onto paper, then cut them out. Or colour in the rat's body and panels on pages 6 and 7.
- 2 Making the rat's body can be done in two ways. The **simple** way is to concertina the paper panels into squares. **Now follow the instructions from number 4.**

3

Alternatively try making the rat's body like this. Stick panel A to the back of panel B. Do the same for the other panel. (You don't need to do this for the simple concertina body option). Now follow the instructions below. You will end up with 2 panels with colour on both sides.

Continue to do this until all the paper is used up. Cut off any extra hanging over the edges.

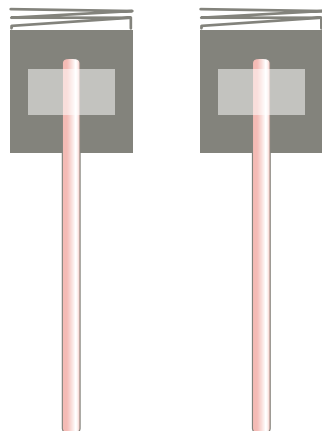

You will end up with a concertina shape like this.

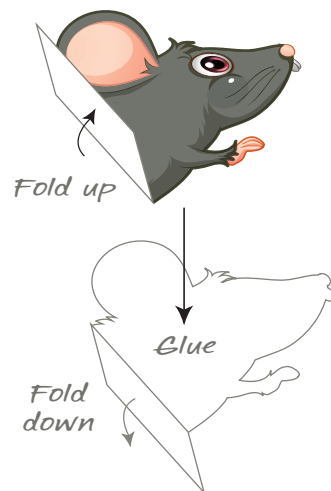

Please remember to recycle this activity

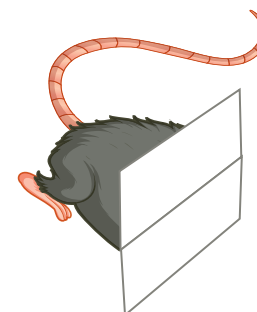

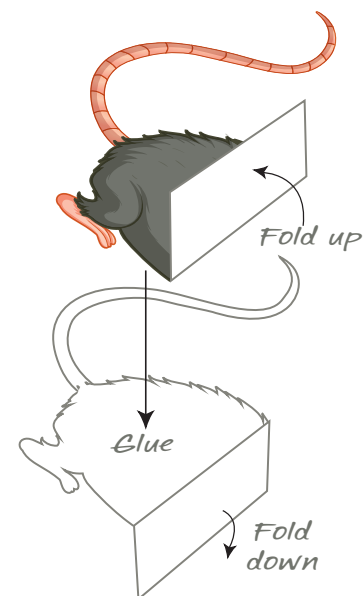

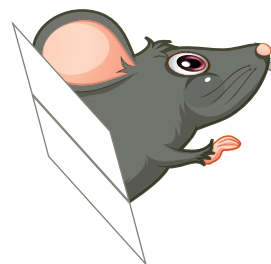

- 4 Tape pencils or sticks to each end of the body. (One at each end).

- 5 Fold the flaps on the body cut outs, as shown below. Then stick the two sides together.

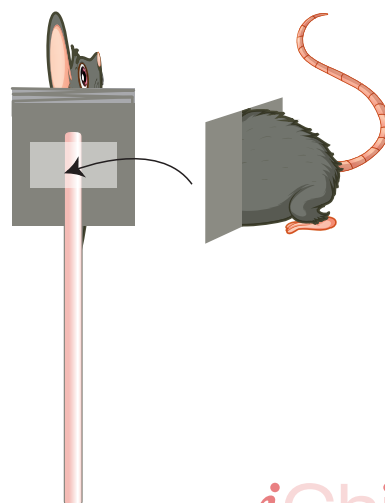

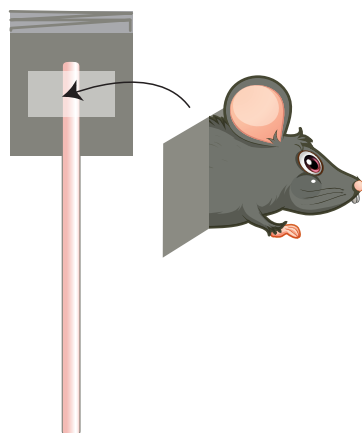

It will look like this when stuck together.

It will look like this when stuck together.

- 6 Stick the rat's head section to one end of the body and then stick the back legs to the other side.

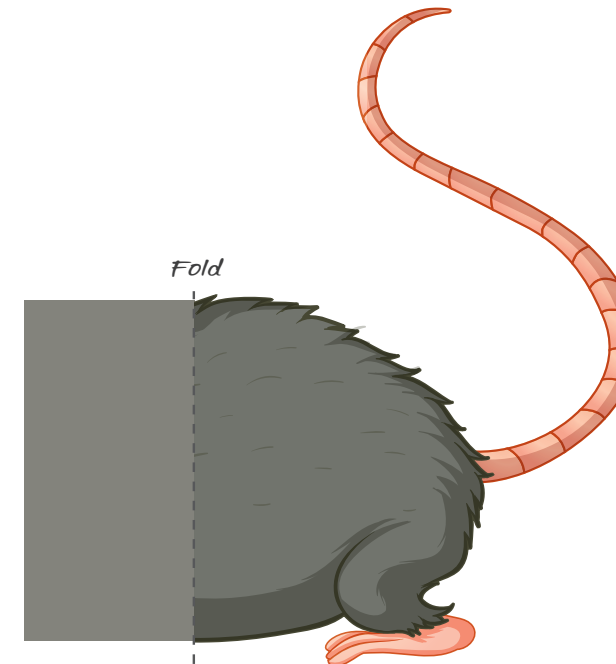

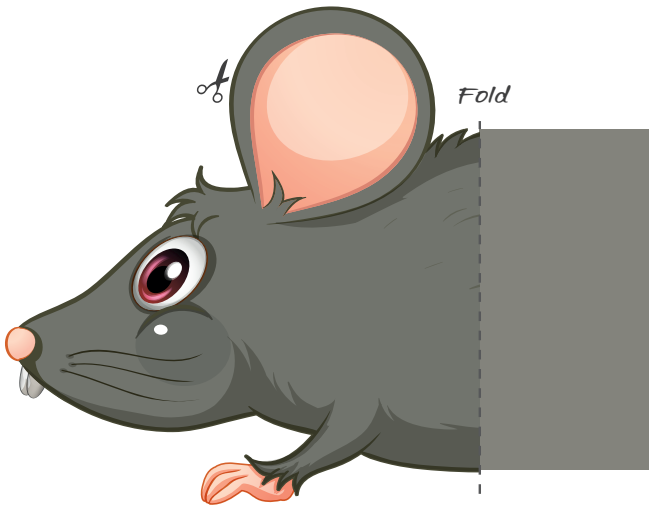

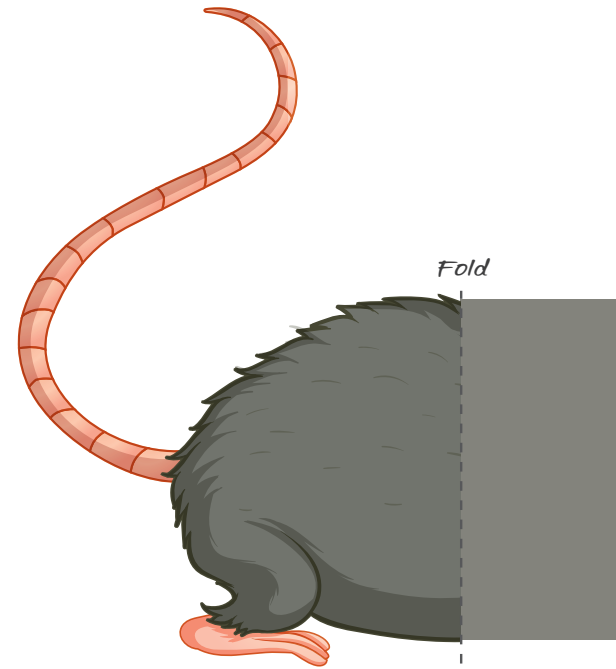

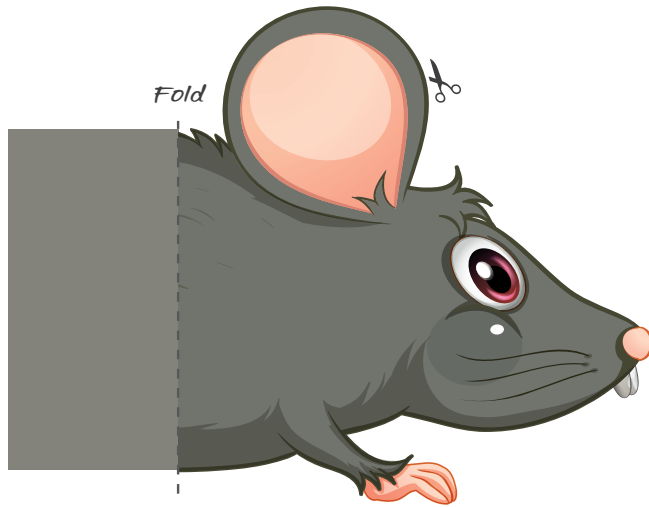

Now you have a fantastic rat puppet!
