

Horse puppet

Here's a fun way to make a horse puppet.

You will need:

Scissors, Glue, Tape, Straws,
Coloured pens or pencils.

Instructions

- 1 Print and cut out the horse heads, back legs and coloured panels on page 4, 5 and 6. Or colour in and cut out the horse heads, back legs and panels on page 7, 8 and 9.

- 2 Making the horse's middle can be done in two ways. The **simple** way is to stick the browns panel together then concertina the paper into squares measuring 50mm. **Now follow the instructions from number 4.**

Please remember to recycle this activity

- 3** Alternatively try making the horse's middle like this. Stick the brown panels together (ie glue white side to white side, so both sides of the panel are brown when glued together. You don't need to do this for the simple concertina body option). Now follow the instructions below.

Please remember to recycle this activity

- 4 Tape straws to each end of the concertina shape (one at each end).

- 6 Stick the head to one end of the body and the back legs to the other end.

- 5 Fold the flaps on the head and back leg cut outs, as below. Stick the two heads together and the two back legs together.

It will look like this when stuck together.

Now you have a fantastic horse puppet!
