

# Advent calendar

Here's a fun way to count down the days to Christmas.

## You will need:

Colouring in pens or pencils,  
scissors, ribbon or string,  
clothes pegs or hole punch.

## Instructions

Print out the images on the next few pages. Each day in December give your child the correct picture to colour in. ie 1 for the 1st of December, 2 for the 2nd, and so on. Once coloured in, cut it out and attach to a piece of ribbon/string using a peg. Alternatively, hole punch a hole at the top and thread some ribbon/string through. Hang up over a window, or on the Christmas tree.

You can find our Christmas peg activity on iChild for that extra festive feel.

Hang them up by pegging them to a piece of string/ribbon, or punch a hole here and thread string/ribbon through.

Simply colour them in, and cut them out!

You now have a fantastic  
**Advent Calendar!**

Please remember to recycle this activity
