

Christmas Tree Decorations

Instructions

- 1 Print out and decorate the semi circles on page 3 using coloured pens, pencils, glitter or any other decorations you would like. Wait for them to dry. Or you can print out the semi circles already coloured in and just add some glitter!

You will need

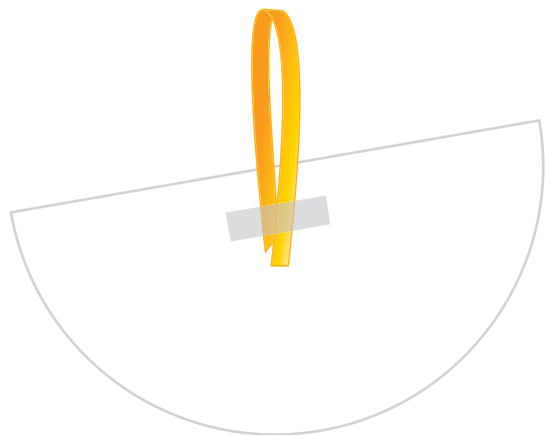

Paper, scissors, tape, gold/silver ribbon or thread, coloured pens or pencils, and glitter.

Choose pictures from the last page if you like. Cut them out ready to stick on later.

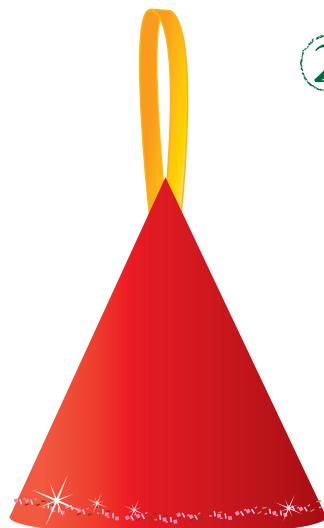

Please remember to recycle this activity

2

Cut the semi circles out. On the back, stick a piece of looped ribbon half way across the straight edge. Fold the semi circle around to make a cone shape. (This will fold the straight edge in half where the ribbon is). Tape or staple together.

3

Stick one of the cut out Christmas pictures onto each of your cone shapes.

*You can now
hang your finished
decoration
from the
Christmas tree!*
