

Super Stegosaurus

Add some colour to this Stegosaurus.

Dino fact!

A **Stegosaurus's** spikes were flat bones called **plates**. It's thought they helped it to scare away other dinosaurs.

Type

dinosaur

Special feature
spiky back

Wow!
Look at all those
spikes on its
back.

Illustrated by Ian Cunliffe.

Amazing idea!

Why not try some spiky **finger painting** on this picture?
