MAKING YOUR FARM THEATRE

This is for adults and children to make together, or for older children to make with parent supervision.

Once you have coloured in your farm theatre you are now ready with the help of an adult to put it together.

1. First you may wish to stick down the pages onto card or heavy paper to make the theatre more solid.
2. Cut out the left and right hand side stands. Cut along the dotted line of the barn doors, either just the top door or both doors.
3. Make a vertical cut on the dotted lines for each of the stands and on the theatre page. Make sure not to cut all the way down to the bottom on the stands. (stop at the end of the dotted line.)
4. Push the two slots together as shown.
5. Cut out your theatre tickets and then you are ready for the farm show to begin!

Remember you can buy your farm puppets from the shop at iChild.co.uk
