

Create a miniature garden

This simple to make garden is great fun for your pre-school child and promotes their understanding of the world around them.

You'll need

A shallow round garden tray or dish

Some gravel

Some compost or soil

A few assorted small plants such as heather, spider plants, moss.

Some items to decorate such as shells, stones, twigs, small toys such as a fairy or some modelling clay to make toadstools.

- ① Place a layer of gravel at the bottom of the tray.
- ② Place a layer of compost or soil on top.
- ③ To make a path, dig a small trench and fill with gravel, sand or pebbles.
- ④ Dig holes and insert the plants.
- ⑤ You create a border of pebbles and add your chosen decorations.
