

Water Cycle

Geography KS2

Water Cycle

Geography Key Stage 2

Curriculum links

Human and physical geography
Water cycle

Keywords

Evaporation. Water vapour. Condensation. Precipitation. Surface run-off. Infiltration. Interception. Transpiration.
These can also be found at the end of this PDF.

PowerPoint presentation

The accompanying PowerPoint presentation has 13 slides with the following learning points:

- Slides 1 and 2 introduce the topic and the learning outcomes.
- Slide 3 explaining that the Earth is over $\frac{3}{4}$ water, with oceans containing over 97%.
- Slide 4 explains the process of evaporation
- Slide 5 explains the process of condensation
- Slide 6 explains the process of precipitation
- Slide 7 explains Surface run-off
- Slide 8 explains the process of Infiltration
- Slide 9 explains the process of interception and transpiration
- Slide 10 explains that water flows back to the sea. And the water cycle begins again.

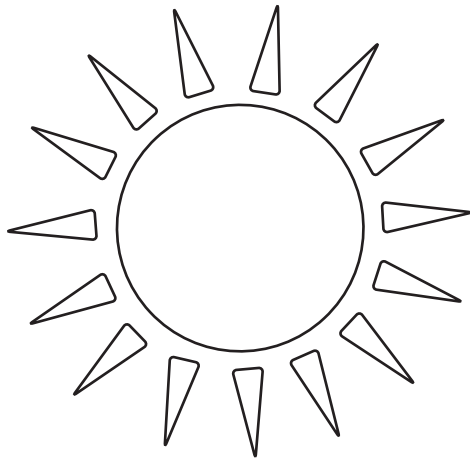

Activity

- Slide 11 introduces an animated slide showing the whole water cycle, in which the children can join interactively.
- Slide 12 introduces the next activity, in which the children are asked to label the water cycle process.

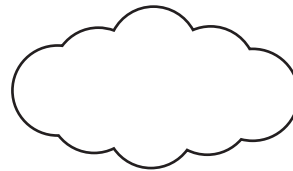

The Water Cycle

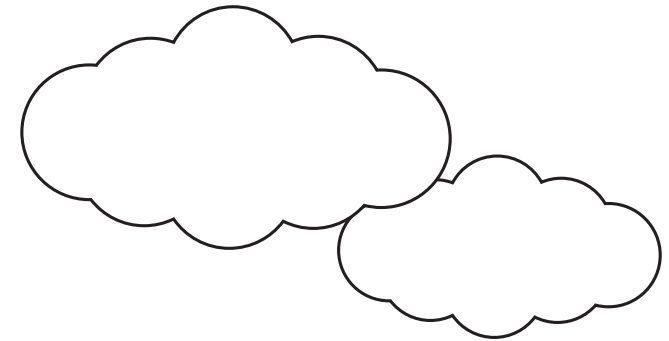

Complete the words and draw in the arrows to show the water cycle.
