

Best Grandma Rosette

Here's a fun way to make a rosette.

You will need:

Scissors, Glue, Safety Pin or Double sided tape.

Optional

Coloured pens or pencils, ribbon.

Instructions

- 1** Print out pages 3 and 4. Then cut out the shapes. If you want to create your own design print out page 5 and decorate how ever you like.
- 2** Start with shape A (purple shape). Place the coloured side down, then fold the strips over and stick as shown until you've been all the way around. Do the same with shape B (dark pink shape).

3

Glue your cut out ribbon (or real ribbon if you have some) to the center of shape A. Now glue shape B on top of shape A. Turn it a little bit first so you are not lining the sections up. You want to see the different colours.

4

Next take your cut out centre and place it in the middle of shape B.

5

Get an adult to tape a safety pin to the back of your finished rosette, or if you wanted you could use double sided sticky tape instead of a safety pin.

**You now have
a beautiful rosette!**
