

Halloween Witch Mask and Hat

Have fun colouring in this
Halloween Witch mask!

Print out onto card (or stick
onto card), cut along the
dotted line, then attach
some elastic/string to each
side or stick to a pair of old
children's sunglasses.

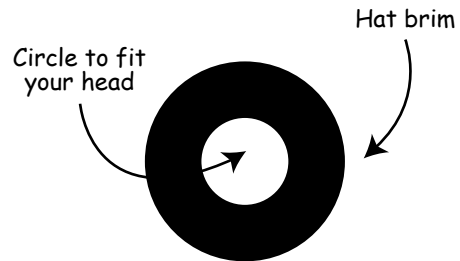

Halloween Witches Hat

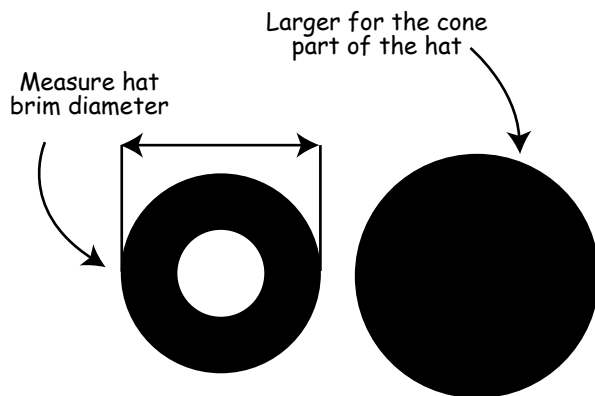

Draw a large circle

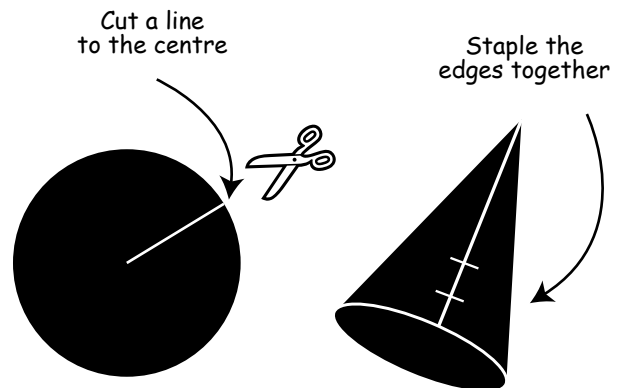

- 1 Draw a circle large enough for the brim of your hat onto a sheet of black card, then cut the circle out.

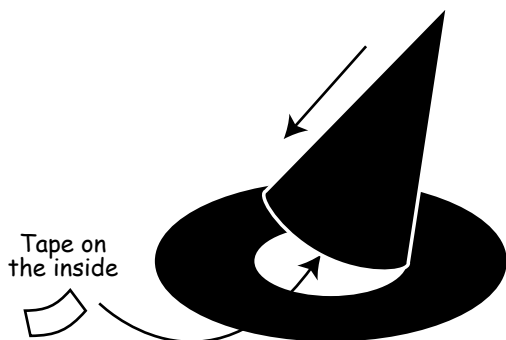

- 2 Draw another circle inside the first circle big enough to fit your head and cut this out too.

- 3 Measure the diameter of the brim of your hat and cut another circle of black card measuring about 15cm larger for the cone part of the hat.

- 4 Cut a slit from the edge to the centre of the circle. Fold the circle into a cone shape. Make sure the cone will fit onto the hole of the hat brim. Staple the cone edges together where the card overlaps.

- 5 Tape the cone onto the brim of the hat on the inside.

- 6 Decorate with a buckle, stars or moon shapes cut out of gold and silver paper then glued on.
