

Peculiar polygons

Winston has found these shapes in a box. Help him find out more about them.

Polygons are shapes with lots of straight sides.

Look at these shapes. Colour them in. Name two properties that go with each shape.
The first one is done for you.

1

Equilateral Triangle

- a. *Three equal sides.*
- b. *Three equal angles.*

2

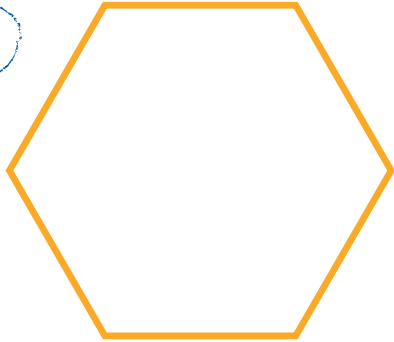

Square

- a.
- b.
