

Year 6 SATs Practice Sheet

Strike a Balance!

Maggie is preparing for a big dinner party but she can't seem to get the ingredients right. Can you help by making sure both sides of the scales balance in order to get the recipes correct? Simply work out what number you need to replace the letter with to make the two sides balance.

1.  $55 + 17$ **A**

A = _____

2.  $114 + B$ **150**

B = _____

3.  **C** $220 - 65$

C = _____

4.  $560 - 220$ **D**

D = _____

5.  $40 + 90 + 70$ **E**
