

Handprint Flower Pot Craft

Here's a fun way to make a flower in a pot.

You will need

*Coloured paints,
scissors,
A3 sheet of paper,
apron, sponge or
paintbrush, glue.*

Optional

*Coloured pens
and pencils.*

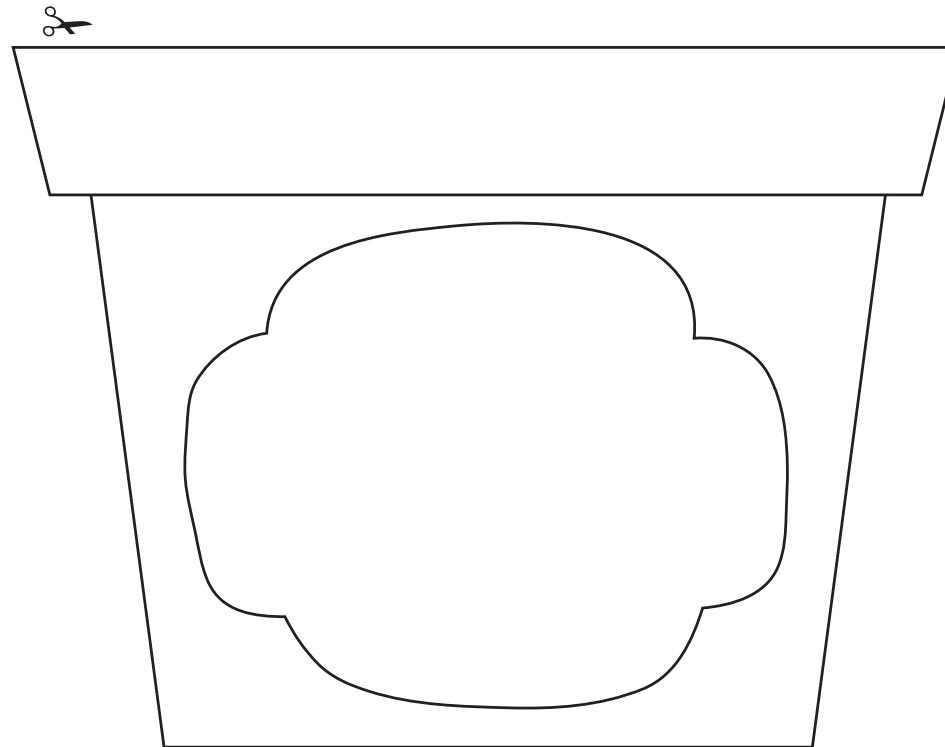

Instructions

- 1 Cut out and colour in the black and white flower template on page 2. Or cut out the coloured flower pot on page 3.
- 2 Place your A3 paper portrait-style. Paint your hand green with a sponge or large brush. Then press your painted hand in the middle of the paper and press down, making sure all your fingers touch the paper.
- 3 Now wash your hands! Put yellow paint on your finger tip and finger-paint a yellow dot at the end of each green finger to make the middle of the flowers.
- 4 Paint another colour onto your fingers and finger-paint the petals. Make them any colour you like!
- 5 When your picture is dry, glue your flower pot to the bottom of your picture.

You now have a fantastic
flower in a pot picture!
