

What's the time, Big Ben?

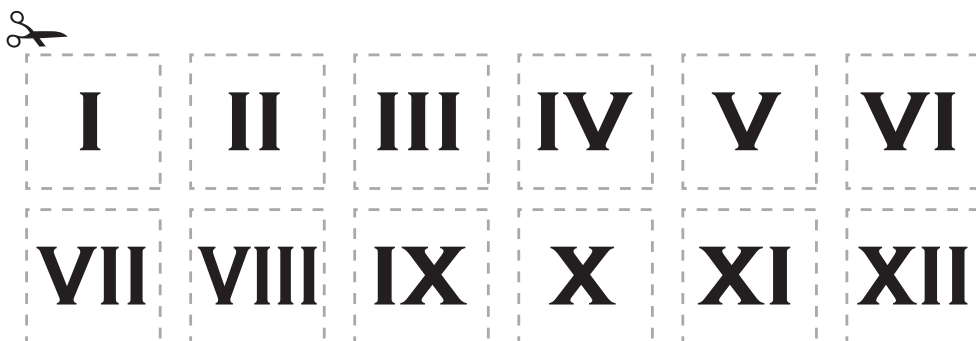

1. Print the clock on page 2 onto card and colour it in.
2. Cut out the numbers and stick them onto the clock face (you can even use Roman numerals if you like).
3. Then cut out the hour and minute hands. Stick them onto card to make them stiffer.
4. Use a brass paper fastener to fix the hands to the clock face so they can turn around.

Now have lots of fun
telling the time!

Roman numerals
