

How hot is it today?

Tyrone and Julie go on holiday and record the temperature everyday at 10 am in the morning. Here are their results.
Answer the questions on the next page.

Please remember to recycle this activity

① Which was the hottest day?

② Which was the coldest day?

③ What was the difference in temperature between these two days?

④ The temperature was the same on which two days?

⑤ How hot was it on Thursday?

⑥ What was the difference in temperature between Thursday and Friday?
