

Magnets

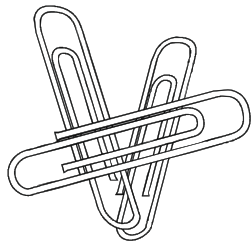

Magnets attract certain things. Look at the things below, tick which ones will be attracted by a magnet.

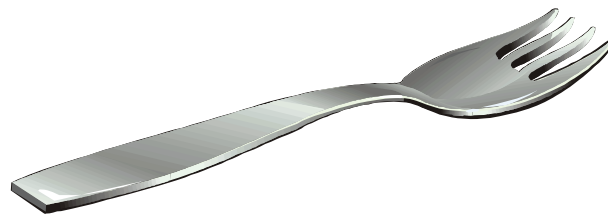

☐ Pencil

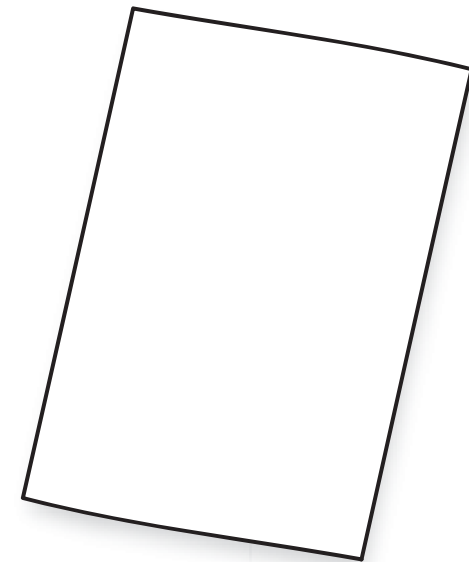

☐ Drawing pin

☐ Paper clip

☐ Metal fork

☐ Piece of paper

Please remember to recycle this activity

There is a **pole** at each end of a magnet. Magnets have a north and a south pole. The same poles **repel**, move away from each other, opposite poles **attract**.

Will these magnets **attract** or **repel**? Tick the correct answer.

1.    ☐ attract ☐ repel

2.    ☐ attract ☐ repel

3.    ☐ attract ☐ repel

4.    ☐ attract ☐ repel

Please remember to recycle this activity

Draw a **horseshoe** magnet and a **bar** magnet.
