Instructions

- 1 Print out pages 3 and 4. Then cut out the shapes. If you want to create your own design print out page 5 and decorate how ever you like.

*Glue on top
of first rosette*

*Glue ribbons
here*

3

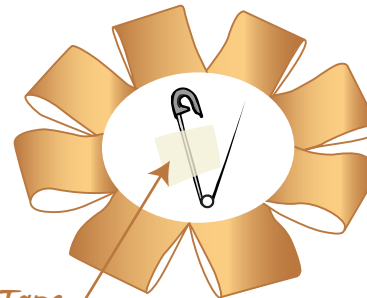

Glue your cut out ribbon (or real ribbon if you have some) to the center of shape A. Now glue shape B on top of shape A. Turn it a little bit first so you are not lining the sections up.

4

Next take your cut out centre and place it in the middle of shape B.

5

Get an adult to tape a safety pin to the back of your finished rosette, or if you wanted you could use double sided sticky tape instead of a safety pin.

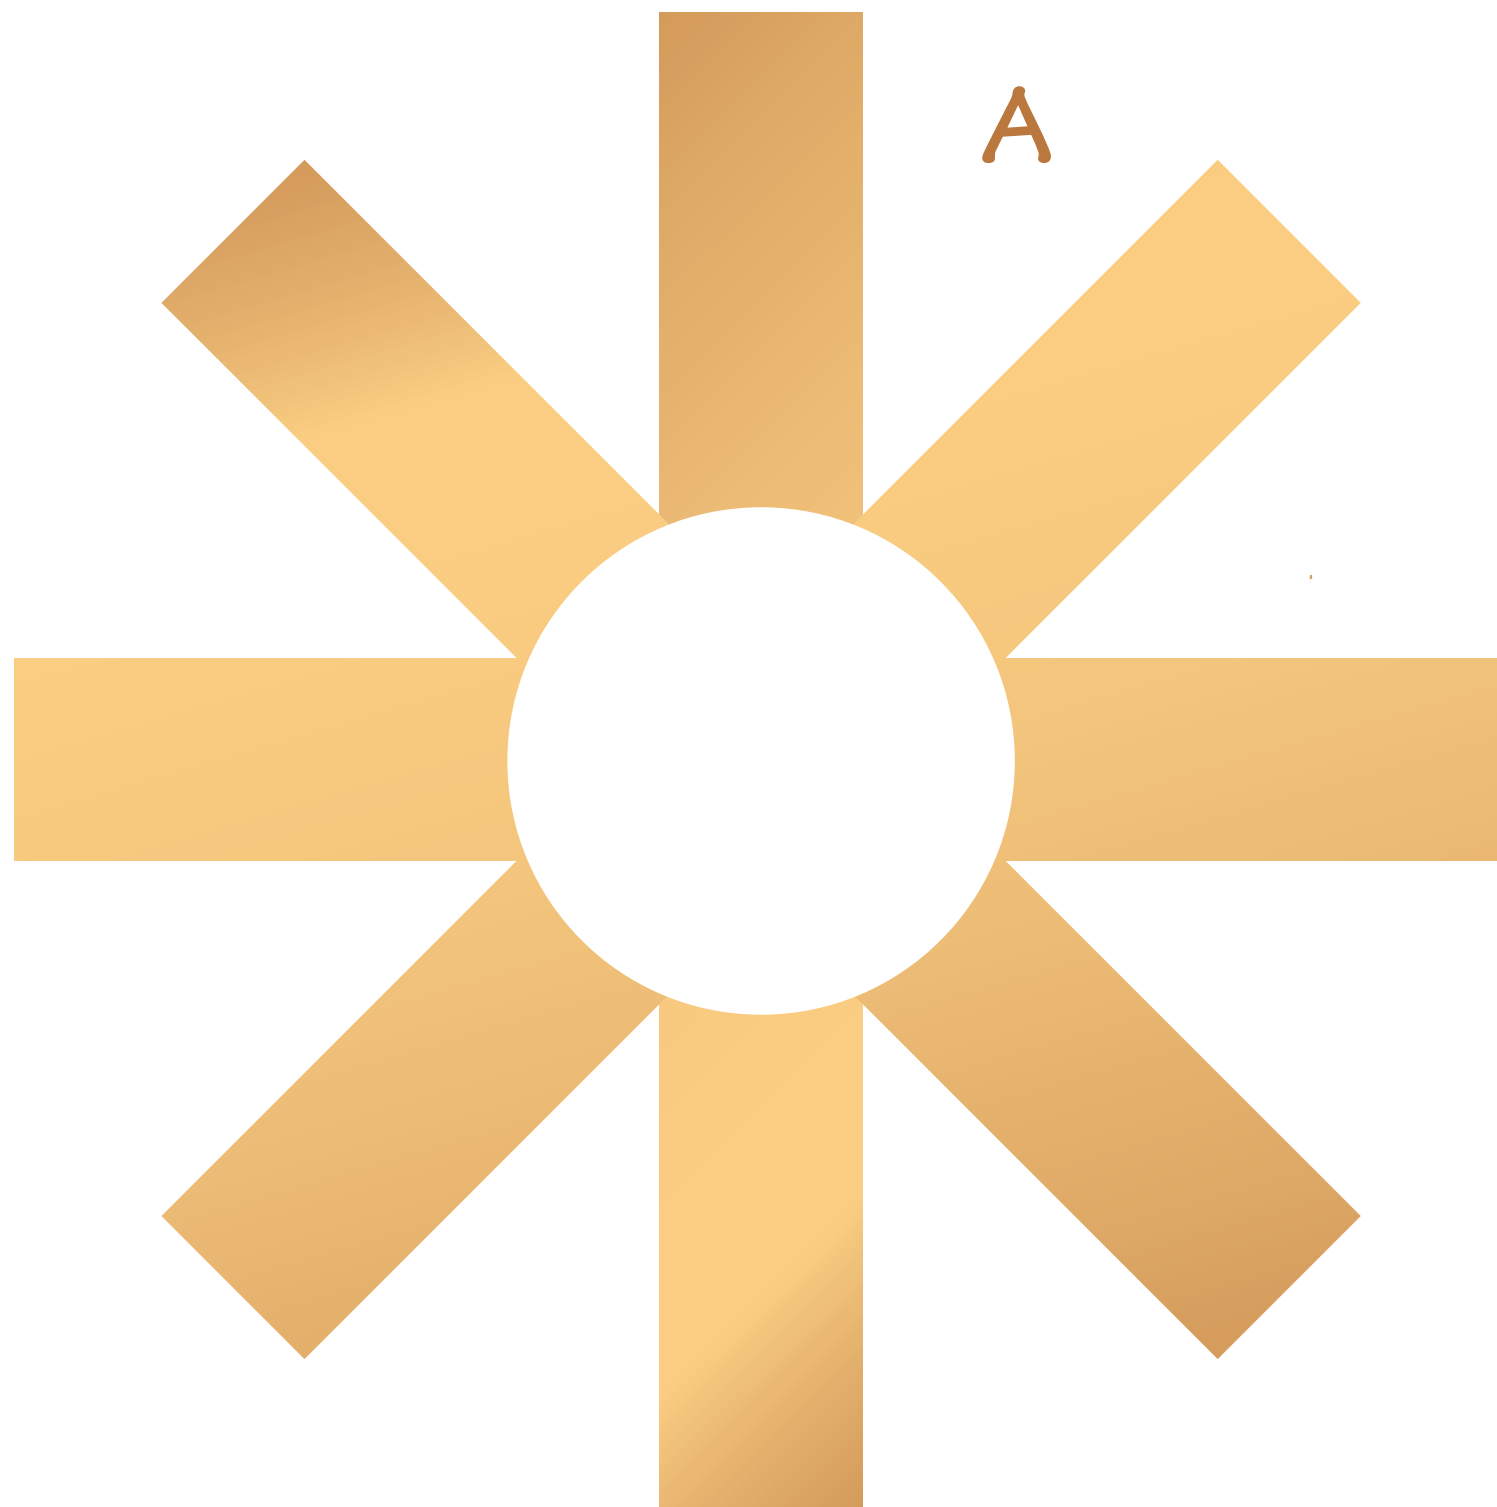

*Tape
on the
back*

**You now have
a beautiful rosette!**
