

Lamb Finger Print Card

Here's a fun way to make a lamb finger print card!

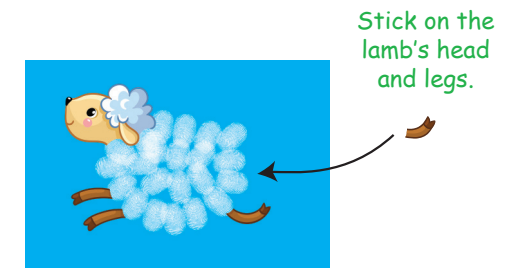

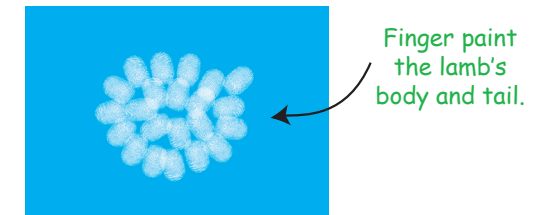

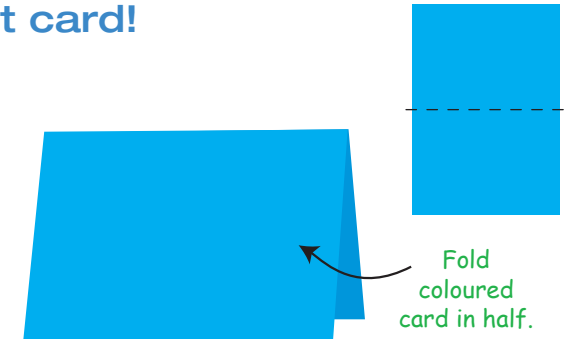

You will need

A4 coloured paper, (we've used blue, but green works well, too. Or use any colour you like!), pencil, scissors, white paint, paper plate for a paint pallet and a glue stick.

Instructions

- 1 Place the A4 coloured paper portrait style. Fold it in half to make the card.
- 2 With a pencil draw a faint circle on the card for your lamb's body. Or cut out and lightly draw around the body template on the next page.
- 3 Dip your finger in the white paint and finger paint the lamb's body shape and a little tail.
- 4 Cut out the head and legs. Stick on to the lamb's body.

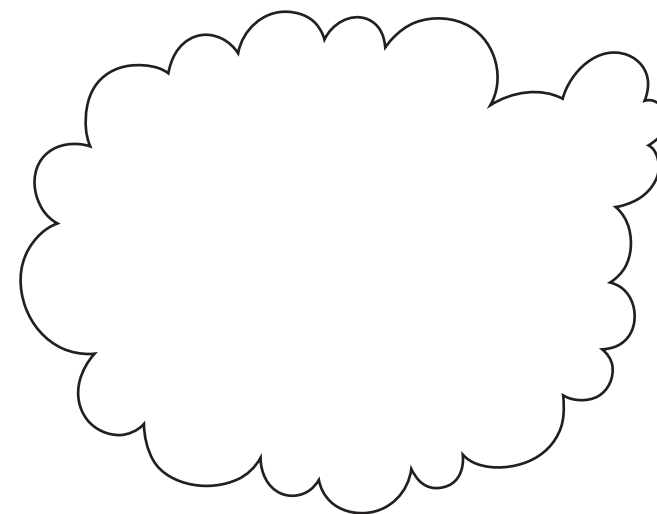

You now have a fantastic
Lamb Finger Print Card!
