

Hand on Heart Valentine's card

This simple card is easy for even a young toddler to make. It's the perfect way to express their creativity and show their love.

You'll need

Plain white paper or red card, pencil, scissor, felt tips and glue.

- 1 Place your child's hand down on a piece of paper or card and draw around it. Cut it out and then let them colour it, use red or pink for a Valentine's theme.
- 2 Then draw a heart shape and let them colour this in a different colour. Ask your child what message they'd like you to write – eg, I love you Mummy and Daddy. Then cut this heart out and stick it on the middle of the card.

Your child has now created their own unique Valentine's Card.
