

uni-ball

Students taking part in the 60-second democracy challenge were provided free uni-ball Eye pens to use and keep. Here's some more information on the pens

Meet **uni-ball Eye**, the pen that works as hard as you do.

Powered by **Super Ink™**, every stroke delivers bold, consistent lines you can trust from the very first word to the final full stop. Unlike ordinary pens, uni-ball Eye's advanced ink is **fade-proof and water-resistant**, helping protect notes, coursework, and important documents over time.

When it matters, your words stay sharp.

The precision-engineered tip ensures a **smooth, uninterrupted ink flow**, so there's no skipping, blotting, or hesitation, just effortless writing that keeps up with your thoughts. Whether you're taking fast-paced notes, drafting essays or speeches, revising for exams, or signing important paperwork, uni-ball Eye delivers professional-quality results every time.

Its signature **ink-view window** means you can clearly see how much ink you have left, so you'll never run out unexpectedly in the middle of a meeting, lesson or exam. It's reliability you can see.

Designed with comfort in mind, its lightweight barrel and balanced feel reduce hand fatigue, making long writing sessions and busy workdays easier. Durable, dependable, and available in **8 bold, vibrant colours**, uni-ball Eye doesn't just help you write, it helps you write with confidence.

If you want a pen that protects your work, performs without fail, and keeps you in control from start to finish, choose uni-ball Eye.
